

Blending Hands-Free Cultivation™ with state-of-the-art hydroponic technology, Free Leafy Greens has created the ideal environment to grow the cleanest, crispest, best tasting lettuce available. Their lettuce is free of pesticides, GMOs and chemicals. Cultivated locally in Hudson, Ohio, their sustainable growing process and safer farming practices are designed to eliminate the outside factors and human elements that can severely compromise the safety of our produce.

Why Choose Free Leafy Greens?

- SQF Certification Level 3 – The Highest Food Safety Standard
- Long Shelf Life (Product Harvested At 34 Degrees)
- No Pesticides Or Fungicides Are Used
- No Chlorine Baths Are Used - Ready To Eat
- Sustainably Grown Year-Round In Fully Controlled Greenhouse Environment
