

Premier ProduceOne

ORIGIN

Whole Milk #95516 6-0.5 G.

All milk locally sourced from Ohio farms!

2% Milk #95776 6-0.5 G.

Wholesome and nutritious; we're bringing back an American classic. The golden guernsey milk is just like it was when it was delivered to your doorstep.

Tasty and delicious; light on calories but not on flavor. Our original 2% milk product is the perfect choice for those who love milk but want a lighter option.

Whole Milk #95668 9-1 pt.
Chocolate Milk #95669 9-1 pt.

Ask your sales rep about different pack sizes, as well as a Skim Milk variety!

An exceptionally delicious drink to be enjoyed as a treat any time of the day.

The Origin Milk Company is bringing back milk in its original form – original taste, nutrition and genetics – just as nature intended. Naturally occurring 5% vitamin-rich milk fat (the good fat) provides a rich taste and creamy flavor. Their Guernsey Cows' grass pasture diet means that their milk is more nutritious, as evidenced by its famed & unique golden hue. Unlike most other milk, Origin Milk only contains the original A2 milk protein found in most cows thousands of years ago yet very rare today, giving you a closer experience to what milk is supposed to be.
