

## Locally Made in Bellefontaine, Ohio

Jim & Angel King are the faces behind Blue Jacket Dairy. By literally marrying their backgrounds, Jim's love for farming with Angel's culinary skills, the Kings are continuing to build on the foundation laid for them by past generations. By extending their family farm operation to include cheese production in 2008, they took a major step toward sustaining Ohio's agricultural economy and promoting farming as a way of life for future generations.
