Sabauce Marinade

#96199 1-1 G.

Produced by a start-up marinade company based in Columbus, OH, Sabauce is a 70% yogurt-based marinade crafted with fresh ginger, garlic, onions, cilantro, mild chiles and lemon juice. With an even keel and a similar flavor profile to tandoori dishes, intermixing with components of curry, Sabauce takes the best of eastern flavors and combines them with a western twist! Out of the bottle, it will have a little heat, which will burn off as you cook with it. Use it on your choice of protein, whether it be chicken, shrimp, pork, lamb, beef, portobellas, or tofu. You can even use it on pizza!

Health Benefits

- Zero Added Sugar
- Low Sodium
- Low Carbs
- Low Calories
- Gluten Free

Usage

A 1 gallon container will cover over 50 pounds of protein or veggies. Seafood needs about an hour to soak in the marinade, but a longer time might be needed depending on the protein and its thickness.

Storage

Stable for ambient storage and safe to travel with, but refrigeration will extend shelf life.
